A close-up photograph of a hand with light-colored nail polish pulling several US twenty-dollar bills from a red leather wallet. The bills are fanned out, showing the number "20" and the word "NOTE".

# Substantial Incentives Available Now

## Weatherize your home and we'll pay up to 50%\*

\*on qualifying homes

# It's Wise to Weatherize

**If your home was built before 1980**, you may need to add insulation to your attic, floor or walls; or replace those leaky single glass windows. If you use natural gas from Avista to heat your home, you may qualify for incentives of up to 50% of the cost.\*

**Please check the box below if:**

- Your home was built **before 1980**.
  - Your home feels drafty or seems difficult to heat.
  - You are thinking about weatherizing your home in the near future *or* you would like to know how weatherizing your home could help you save money on your heating bills.
- Yes! My home was built **before 1980** — I am ready to get started with a no cost, *no obligation* energy evaluation from Avista.

**OR...**

- My home was built **after 1980** — I would like to receive a no cost energy savings packet from Avista.

\*Incentives apply to work not yet started or completed. Must have a completed home energy evaluation from Avista to qualify. Incentives are calculated after the energy evaluation is completed, results are mailed to customer with information for available incentives. Go to [www.everylittlebit.com](http://www.everylittlebit.com) for more details on weatherization programs and incentives for high-efficiency gas equipment.

**Please select one:**

- I own my home     I rent my home     I am a Landlord
