

Participating CFL Recycling Stations

Avista is offering free recycling of CFL bulbs to all residential electric customers. CFL recycling locations are in or near city centers, are easy to access, and require no appointment for drop off. Simply bring in your used CFL bulbs and hand them to recycling center attendant during normal business hours.

Other ways to recycle CFL bulbs:

HOME DEPOT locations will be offering free CFL bulb recycling during normal business hours.

City of Spokane and Spokane County's household hazardous waste facilities offer free recycling of CFL bulbs, in addition to all household hazardous wastes. The Waste-to-Energy Plant, Valley and Colbert Transfer Stations will accept CFLs free of charge.
